EXERCISES WILL BE HELD OVER EMPTY MOUND

IN CHARGE OF V. F. W.

Seth Ray David Post Completes Elaborate Plans for Observance Of Decoration Day.

Maryville will pay tribute to her fallen heroes over a cenotaph in the Courthouse yard on Decoration Day. An empty grave will symbolize the last resting places of all the soldiers and sailors who gave their lives in the last war and in those that went before, and their living comrades will have charge of the ceremonies which will be held over the mound.

This is part of the elaborate plans for observance of Decoration Day which were completed at the meeting last night of Seth Ray David Post of the Veterans of Foreign Wars, who will cooperate with Sedgwick Post of the G. A. R., the ladies of the Woman's Relief Corps and the Auxiliary of Seth Ray David Post.

Exercises will be held on both Sunday and Monday. The Rev. Joseph Cooper, who is a member of the V. F. W., will preach the sermon at the Sunday memorial exercises, which will be held at 3 o'clock in the First Baptist Church. The members of the Sunday schools of the various churches are cordially invited to attend these services.

Monday morning will be given over to the care of the graves in Miriam, St. Mary's and St. Patrick's cemeteries. Capt. Charles Hyslop is chairman of the committee to flag the graves, and he will appoint helpers to assist him. All persons that can give flowers are requested to bring them to the basement room of the first Methodist Church early Monday morning, May 30, where the ladies of the W. R. C. and the Auxiliary will be to receive and prepare them to be placed on the graves. The comrades of the G. A. R. and the V. F. W. are requested to be at the church by 9 o'clock to take the flags and place them on the graves in the various cemeteries.

MEN'S BIBLE CLASS NOW WORKING HARD

WILL HOLD BOOSTER MEETING ON EAST FIRST TONIGHT.

CLARINDA LEADS BY 100

Local Men Hope to Catch the Iowans Next Sunday—50 New Members Pledged.

Spurred to action by defeat in the first two weeks of their contest with Clarinda, the Men's Bible Class of the First Christian Church will hold a booster, open-air meeting at 7:15 o'clock tonight in front of the Cornell and Butcher grocery and market on East First street.

There will be music by a band and a group of singers, and one or two short talks. The program will be over by 8 o'clock.

The meeting is to show good fellowship, as well as to advertise and enlist men for the Men's Bible Class and the Ancient Order of Sikhs. The Rev. R. E. Snodgrass will make one of the talks and Ed Gray, president of the class will also speak. The band was recruited by Loren Schnabel.

The Maryville class is now almost a hundred points behind their Clarinda rivals, as the result of a disastrous slump last Sunday, when the Iowans scored 272 points to 202 for the Snodgrass forces. Clarinda also led on the first Sunday, 202 to 183.

"Just what we needed," said members of the class when the figures were announced last Sunday, and since then they have been carrying on an intensive campaign to overcome the lead next Sunday. Pledge cards with the slogan, "Beat Clarinda" are carried by all the members of the class, and fifty new members have promised to attend next Sunday morning.

They will gather at the corner of Third and Main streets, where the band will play. Then they will march together to Recital Hall in the Conservatory building, where the meetings of the class are held at 9:15 o'clock.

The local class had a handicap at the start of the contest, as they had just finished a membership drive which had increased the membership from 65 to 130, leaving them less chance for points for new members. Attendance counts 2 points, punctuality 1 point, and a new member, 2 points. If a new member is on time, he counts a total of 5 points.

A special committee was appointed last Sunday to direct the drive this week. It is composed of Fred Miller, chairman; John Whitehead, Otto Frazee, Theodore Robinson and Ed Condon.

College students are not counted in the contest. The following clipping from "The Call of 551," the church bulletin, explains why:

Dr. Keller: (During Sunday School hour) Why can't the college men in my class be counted in the contest?

The Parson: That point was considered by the committee, but Clarinda said that if we counted men from the college, inasmuch as they had no college, they would bring men in from the asylum.

Voice from the audience: Fine, that's fair enough; both are institutions to improve the mind.

"There is no doubt that these are revolutionary movements but to what extent they are financed abroad we cannot say," continued the Premier.

WAR BREAKS OUT IN MINGO COUNTY

ATTEMPTS TO UNIONIZE MINERS CAUSE OUTBREAK

FEDERAL TROOPS MAY GO

President Harding Will Decide Whether the War Department Shall Stop Reign of Terror

Washington, May 13.—President Harding wil probably make a final decision whether federal troops shall be sent into West Virginia coal fields to quell the disturbances there, it was stated at the war department today. A staff officer has been sent to investigate conditions and the advisability for the dispatch of federal troops.

Williamson, W. Va., May 13.—Local officers are investigating today what appears to be the most extensive industrial battle in the history of Mingo county which still rages along a seven mile front. This section of West Virginia is embroiled in a civil war through the efforts of union miners to unionize the coal industry and the opposition of the coal operators to that course, it was declared today by Sheriff Pinson.

Admitting the inability of local officers to cope with the situation requests for aid have been sent to the government.

Officials declared more than six thousand shots were fired in the first hour of fighting in Blackberry City and Alburn. Fifty or more men, presumably strikers, participated in the fighting at Merrimac, which was defended by seventeen officers of the state police.

Williamson, W. Va., May 13.—Guerilla warfare, with all the odds apparently favoring the forces opposing the state, was waged last night in the grim mountains of the strike-torn Mingo county coal field.

Beginning soon after dawn yesterday morning at the little mining town of Merrimac, four miles up the Tug river from this city, a fusillade of shots was poured from the mountainside into McCar, Ky., and several other little villages in the vicinity.

Reinforcements for the state forces were rushed from Williamson, but at a late hour last night it was reported they had not been able as yet to check the shooting.

H. G. Stanton, a prohibition officer at Sprigg, was killed by a bullet from the mountains, and Noah Phillips and a man named Calvert, employes of the White Star Coal company commissary at Merrimac, have been seriously wounded. Rumors of other killings and woundings received at headquarters of the state police up to a late hour had not been confirmed.

The outbreak, the worst since the Mattewan battle of 1919, in which ten persons, including the mayor of Mattewan, were killed, had all the appearance of a pre-arranged attack.

The towns visited with the hail of lead are all within seven miles of each other and lie in a narrow valley on the banks of the Tug river, which here separates West Virginia and Kentucky. The firing came from the mountains on both sides of the river, according to the police.

Terror reigned in the towns in the zone of fire as night fell and it was learned the authorities had failed to apprehend any of the attacking force. The bulk of the shooting heretofore has

been done at night when lighted houses afforded easy targets fo rthe hidden riflemen. Virtually all lights were extinguished last night and residents kept close under cover.

The outflanking expedition, led by Captain Brockus, despite its extremely hazardous character, was declared by the authorities to be virtually the only hope of routing or capturing the attackers.

The state police were virtually helpless during the day, as the attacking force in the mountains was completely screened by foliage and boulders, while the police, in order to attempt a direct attack, would have been obliged to cross the open valley and climb the rugged slopes in full view of the hidden marksmen.

May Festival.

Beautiful in its enacting and very effective in its scenic effect was the May Day festival held last night on the college green. The unusual sunset of last evening and the back ground of the college grove greatly enhanced the charm of the festival and the crowning of the May Queen, Miss Mary Wooldridge. Miss Wave Hulet as maid of honor formally crowned the Queen. The dancing of the revelers, the lane through which the Queen passed, the crowning, the songs and dancing following the crowning, were all very effective. The "Pipes of Pan," a solo dance given by Miss Sylvia Littlejohn at the closing of the program was especially pretty and also the dance, "Chalif's Abandon," given by Miss Nell Hudson and Miss Hazel Lowden. The college orchestra played during the performance and many pretty songs were sung. A large number of Maryville people viewed the festival. Following the celebration, the college students enoyed an indoor party when the freshmen and uniors entertained the sophomores, seniors and faculty. Dancing furnished entertainment for the evening and refreshments were served. Miss Mabel Arnett had charge of the evening's entertainment, Miss Mary MacLeod arranged the program and dancing and Miss Margaret James had charge of the music.

Cost of Living Low in India.

Washington, May 12,—The cost of living is almost nothing in far away India.

Field laboring classes live at even lower cost, American Commissioner Batchelder, at Baroda, advised the Commerce Department.

INTER-RACIAL BAN ON MARRIAGE SOON

AFTER JUNE 19, ILLEGAL TO MARRY PERSONS WHO ARE INSANE

PROVISIONS OF THE LAW

Marriages of First Cousins, White Persons and Negroes are Prohibited and Void

Jefferson City, May 13,—The new marriage law in Missouri, which goes into effect June 19, is in great demand, according to Charles U. Becker, Secretary of State, who is compiling the session acts of last Legislature. The law was introduced by Representative John C. Doytt of Howell County and was signed by the Governor on March 25. The principal change made in the former law is included in a clause inserted in section 7299 of the Revised Statutes of 1919, providing a penalty for anyone solemnizing marriages of "persons either of whom is insane, mentally imbecile, feeble-minded or epileptic."

The section as it stands amended reads:

Section 7299. All marriages between parents and children, including grandparents and grandchildren of every degree; between brothers and sisters of the half as well as the whole blood; between uncles and nieces and between aunts and nephews; first cousins; white persons and negroes, or between white persons and Mongolians, and between persons either of whom is insane, mentally imbecile, feeble-minded or epileptic are prohibited and declared absolutely void; and it shall be unlawful for any city, county or State official having authority to issue marriage licenses to issue such marriage licenses to the persons heretofore designated and any such official who shall issue such licenses to the persons aforesaid, knowing such persons to be within the prohibition of this section, shall be deemed guilty of a misdemeanor; and this prohibition shall apply to persons born out of lawful wedlock as well as those in lawful wedlock."

Pretended Marriages Illegal.

Another law introduced by Representative H. Paul Bestor of Pemiscot county, and which also goes into effect June 19, also relates to illegal solemnization of marriages, and reads as follows:

"Every person who shall solemnize any marriage, having knowledge of any fact which renders such marriage unlawful or criminal, in either of the parties under any law in this state, or, having knowledge or reasonable cause to believe that either of the parties shall be under the age of legal consent or is insane, mentally imbecile, feeble-minded or epileptic, or where to his knowledge any other legal impediment exists to such marriage and every person not authorized by law to solemnize marriages who shall falsely represent that he is so authorized, and who, by any preteaded marriage ceremony which he may perform, shall deceive any innocent person or persons into the belief that they have been legally married shall, on conviction, be adjudged guilty of a misdemeanor and be punished by imprisonment in the county jail not exceeding one year, or by a fine of not less than $500 or by both such fine and imprisonment."

The Price of Everything, But the Value of Nothing

But such is not the case with our patrons. They know values, for they know we keep the quality up, and they know that the prices are consistent with the quality.

BUSINESS ANNOUNCEMENT

TO THE PUBLIC:

We wish to thank you for the generous patronage extended us during our first Spring season in Maryville.

We only expected to "get acquainted" in those localities where the Murray Nurseries are not yet well known; and are therefore pleased to have met and transacted business with so many people of Nodaway County, and especially to have sent some of our stock into nearly every part of the county.

Our coming to Maryville was not the result of a hasty decision. Our business was too important and too well established for that. We had had this city and territory in mind ever since the establishment of the State Normal School here; but our final decision to change the location of our Nursery business was solely due to the closing down of the Oregon Interurban railroad the previous year. Our trade and our territory have grown to such proportions that we could not hope to conduct our business from an inland town.

The business of the Murray Nurseries was established in Holt County, Mo., in 1880, by Hon. N. F. Murray, for ten years president of the Missouri State Horticultural Society, and who had learned the business in boyhood from his father, Hanson Murray, whose farm was a pioneer horticultural experimental grounds in the vine-clad hills of Virginia, seventy years ago. The present proprietor, George R. Murray, having made a life study of nursery and horticultural work (and serving as superintendent of Horticulture for Park College from 1902 to 1905), became sole owner and manager of the business shortly after the death of his father, N. F. Murray, which occurred in 1908.

During these past twelve years we have supplied our patrons tens of thousands of fruit trees, most of which are in bearing for several years. During all these years we have given our patrons a published promise to replace any fruit tree variety that may prove UNTRUE TO LABEL, or refund the purchase price. The fact that we have not had a single claim presented of any fruit tree or vine having proven untrue, speaks volumes for our painstaking care and supervision of stock. We are prond of this record—which is one of the foundation stones of our splendid trade among the farmers of Holt and Andrew counties.

We are here to serve the people of Maryville and all Northwest Missouri. We expect to furnish them "better stock," and save them large sums of money which they have for years (since the death of the lamented T. W. Gaunt, and the loss of a home nursery), been required to expend to cover the high commissions and profitteering on stock purchased of distant nurseries.

It requires about two years to remove and re-establish a business of this kind. We have just completed this season's transplanting of all our young stock in our new nursery west of the Normal farm, and will be adding new stock each season. We have out now approximately fifty thousand young fruit trees, five thousand hardy shrubs, ten thousand grapevines, gooseberries, currants, etc., and a general assortment of other stock.

If our trade justifies it, we will double, or quadruple these plantings. Maryville can have just as big a nursery as she wants. We have the necessary experience, technical knowledge, and resources, to enlarge the business to meet all reasonable requirements. There is no questioning the value of a good home nursery to any town or city. We are here to do our part. We believe in home enterprises and home institutions, and our motto is, "Buy It in Maryville."

And thanking you, we are,

Respectfully yours,
MURRAY NURSERIES.

EMMET BYERGO LOSES RIGHT THUMB IN ACCIDENT.

The following is from the Guilford Times:

On Monday morning as Emmet Byergo of Guilford was leading a young thoroughbred Polled Angus bull from his home to Tom Giffins' having the end of the rope wrapped around the horn of the saddle, the animal started to catch up with a bunch of cattle ahead, and the rope became wrapped around the thumb of Emmet's right hand, and tore the end of it off above the first joint, and was left hanging by only a bit of skin on the palm side of the finger. Drs. McClanahan and Hannah dressed the wounded finger, and are going to try to save the finger.

CLEARMONT MEN CAUGHT A CUB WOLF LAST FRIDAY.

Wm. Criger and John Myers, with the help of Criger's little white dog, caught a cub wolf last Friday, in Mrs. Carpenter's pasture just southeast of town. Mr. Myers was fishing and saw two cubs out playing and run them to their den. He got Criger and they went to dig them out, and after digging some time they had about concluded they were not there, so Criger sent his little dog into the hole and he went to digging and soon found one cub, caught it and dragged it out and killed it, but they found no trace of the other one. They also saw the old wolf and Criger took a shot at it, but it was too far away to kill it. We understand that two or three parties along the creek have been missing young lambs.—Clearmont News.

Two Large Snakes Killed.

You have heard of people having "snakes in their boots," but not so with our old friend, Joseph Powell, president of the Farmers Exchange, for he not only saw snakes, but had real snakes in a sack which he brought to town. They were killed by his son Lloyd while discing in the field last Friday. Mr. Powell brought the two snakes to town Saturday morning and they were on exhibition at the Farmers Exchange. They were about 7 feet long and about 6 inches in circumference. They had barred yellow and brown backs, and were of an unknown species to the many persons who viewed them.—Ravenwood Gazette.

Maitland Herald Changes Hands

The Maitland Herald has changed hands again, having been purchased several days ago by W. H. Hambaugh of Craig. The issue of last week was published under Mr. Hambaugh's direction, although he was unable to be on the job himself except for a couple of days.

Mr. Hambaugh is postmaster at Craig at the present time, but will probably resign soon and move to Maitland. Mr. Hambaugh has had many years of experience in the newspaper business and will doubtless give Maitland a good paper.

This is the second time the Herald has changed hands recently, S. J. Richardson, of whom Mr. Hambaugh bought it, only having been its owner for a few months.

DRAINAGE BONDS SOLD TO A ST. LOUIS BANK

Barnard-Bolckow Drainage Board Had Four Bids on Ditch, But No Contract Was Let.

The drainage board of supervisors of the Barnard-Bolckow drainage company in session Tuesday sold $135,000 of bonds at a figure of $97.47½. The purchaser was the National Bank of Commerce at St. Louis. In the matter of the construction work, there were four bids, ranging from 20 cents per cubic yard to 16.95 cents. In the opinion of the board the bids were too high and the contract has not been awarded. The work on the Barnard-Bolckow ditch is estimated to require about twelve months time in which to be completed.

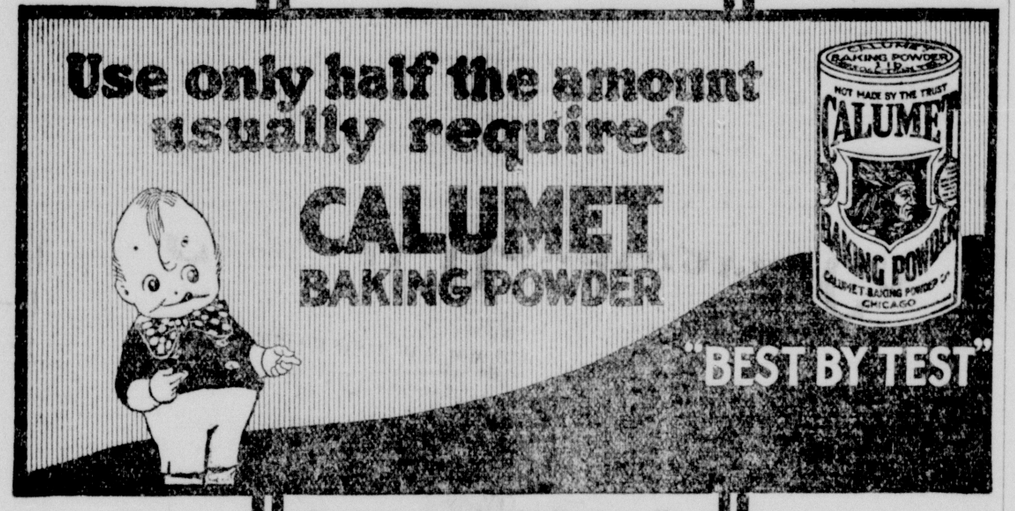
YOU don't have to use as much of Calumet as you do of most other Baking Powders. Because it has more than the ordinary leavening strength. You save about half on its use.

You don't have to pay a big price for Calumet. It's sold at a moderate price. It always has been. And that represents another saving.

You don't have to feel uncertain as to results. Bakings never fail—because Calumet never falls below the proven standard of "Best by Test."



It possesses the highest quality ever put into a Baking Powder. Contains only such ingredients as have been officially endorsed by United States Food Authorities.

For weeks, for months it keeps as fresh and full of strength as the day it left the Calumet Factories, the World's Largest, most Sanitary and Modern Baking Powder plants.

Every spoonful of every can is the same—pure and dependable. Try it.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Back from the City

Will the farm help that has been jazzing away the last few years under the white lights of the city come back to be fed on the farm? Will farm labor be plentiful this year? Will it be competent? Will wages be unreasonably high? To know, you should read

The COUNTRY GENTLEMAN

Its continuous national survey of farm conditions enables it to forecast the labor market. There are two particularly timely stories coming in next week's issue.

One deals with the puzzling immigration problem. Will the loosening up of immigration requirements give the farmer more competent labor at a usable price? Or will it merely result in the further crowding of city slums for the farmer to feed? This answer is based on an actual study of incoming shiploads at Ellis Island. The other tells how the grain farmers of the Middle West keep their help after they get it—it offers some mighty keen suggestions. With other farm problems THE COUNTRY GENTLEMAN is just as helpful. Yet 52 big weekly issues cost but $1.00. Sure I'll take your check!
